

Metal Enclosures available from Autometers

Model: SL1-100

Showing: A-100 Single Phase Meter (100 Amp)

Dimensions: Width 160mm, Height 300mm, Depth 70mm

Model: SL1-35M

Showing: A-35M Three Phase Four Wire Meter.

C.T. Operated (5 Amp), internally wired to Voltage and Shorting Terminals.

Dimensions: Width 160mm, Height 300mm, Depth 70mm

Model: SL1-300M

Showing: A-300M Three Phase Four Wire Meter (100Amp)

Dimensions: Width 160mm, Height 300mm, Depth 70mm

Model: SL2-300M

Showing: Two A-300M Three Phase Four Wire Meters (100Amp)

Dimensions: Width 320mm, Height 300mm, Depth 70mm

Model: SL3-300M

Showing: Three A-300M Three Phase Four Wire Meters (100Amp)

Dimensions: Width 320mm, Height 300mm, Depth 70mm

Showing: Multiple example meters in the SL range of enclosures.

Dimensions: Width 320mm, Height 300mm, Depth 70mm

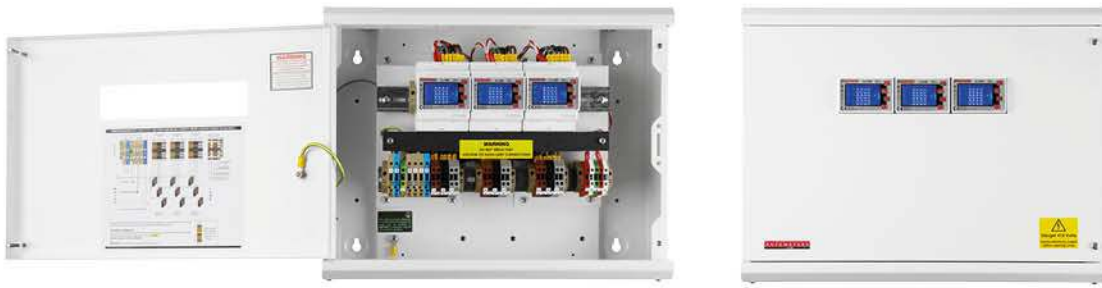

Model: S2-35M

Showing: Two A-35M Three Phase Four Wire Meters.

C.T. Operated (5 Amp), internally wired to Voltage and Shorting Terminals.

Dimensions: Width 470mm, Height 300mm, Depth 70mm

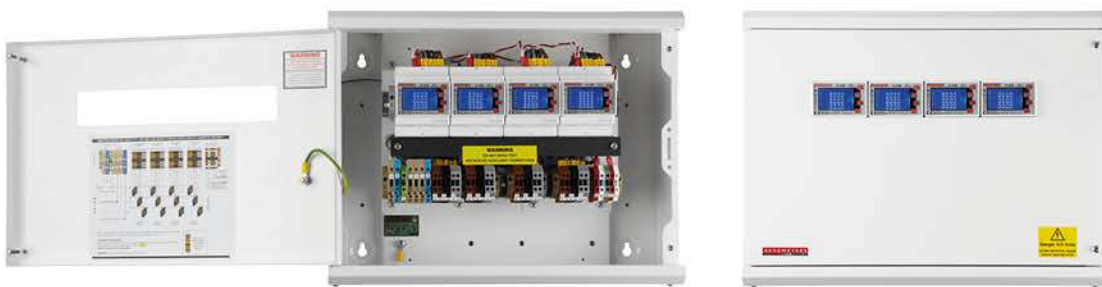

Model: S3-35M

Showing: Three A-35M Three Phase Four Wire Meters.

C.T. Operated (5 Amp), internally wired to Voltage and Shorting Terminals.

Dimensions: Width 470mm, Height 300mm, Depth 70mm

Model: S4-35M

Showing: Four A-35M Three Phase Four Wire Meters.

C.T. Operated (5 Amp), internally wired to Voltage and Shorting Terminals.

Dimensions: Width 470mm, Height 300mm, Depth 70mm
